

On This Side Of The Sun

By Phat

After having been gently but firmly removed from the left hand side of The Desert Sun Tuesday, I am back again today. . . . And I want to refute some statements, too. . . . Newspapermen do not indulge in poetic license. . . . Or call it what you want to. . . . I remember when, as a callow cub, I first entered the city room of a large Los Angeles newspaper. . . . The signs on the wall impressed me. . . . One admonished: "Never exaggerate. If a fire does \$100,000 damage, don't write it more than \$500,000." The biggest sign of all, outside of the "Make It Short But Tell It All" was the one, emblazoned all across the back wall: "Other people are trying to think—SHUT UP!"

GRATITUDE is a funny thing. Chief of Police Gus Kettmann showed me an article about a tycoon who gave practically \$300 apiece to several hundred employees and not a one of them said "Thank You." . . . In contrast, the chief said, a man, looking very down at the heels and carrying all the earmarks of a 'vag' came into the local station the other morning. . . . He handed Sgt. Stanley Ehler two \$1 bills. . . . "The next time you have a vag in here who's broke, give him these," he said. . . . Questioned by the sergeant, he said that he had been given the money and in return wanted to pass it on to some other unfortunate man. . . . "Now, that's real gratitude," said the chief.

THE MAIL this week was mixed. . . . Some good and some bad. . . . Adequate street signs came in for a lot of attention. . . . The fact that Mrs. G wrote Tuesday's column brought in a lot of insults for me. . . . "Go up in Tahquitz canyon and get lost," was one card, "and let Mrs. G take over each Tuesday and Friday," was the best one. . . . "If I ever see you with a hat on on Palm Canyon drive, you'll be arrested for treason," was another. "I'm glad the wind did blow that at under the train." . . . I'm not sure. . . . That headache cost me money. . . . "What do you mean, Webster convinced you how to spell 'Argonaut'?" came another note. "Remember I'm a San Franciscan and you asked me how to spell it—and no credit whatsoever." . . . And if I did give her credit, she'd be peeved, too. . . . She doesn't want her name in print.

GOT A LETTER the other day objecting to certain practices in the Village. . . . The letter ended up with the notation: "Bet you don't dare print this." . . . Since the writer didn't dare sign his name, I didn't print it. . . . Jimmy Burden just interrupted my train of thought to call attention to the fact that "The Best Years of Our Lives" is showing at two places in town, the Plaza and the El Paseo. . . . That picture and its actors scored nine times at the recent Academy Awards dinner at Los Angeles. . . . The film will be shown at the Plaza until Sunday night and at the El Paseo now and from then on.

LITTLE BEAR, a real cowgirl, is going to take over the Community Circle dinner next Tuesday night. . . . It will be a real western dinner with real western food. . . . Babs Neel, queen of the 1947 circus, will be the honored guest. . . . According to Mrs. Charles Henderson, chairman of the event, it will be western even unto the straw on the floor. . . . Dave Lyons, of Mr. Deo's gave the Western Union a little workout Monday when he sent a flock of telegrams to Villagers inviting them to hear Harold Graham at the novachord and piano. . . . It was worth hearing, too, and the accusation that Lyons sent the telegrams collect is absolutely false.

THIS IS THE APOLOGY side of this column. . . . Seems that last week I mentioned Angelo Potenza and spelled his name "Potencia." . . . It's ZA not CIO. . . . Perhaps that will make him feel better. . . . They all come to me. . . . This week it was Jimmy Phelan, famous football coach, formerly of Washington U., now of St. Mary's. . . . He set me back one time considerably because I backed the old alma mater, U.S.C. and in the rain at Seattle, the Trojans, highly favored and odds on, lost. . . . But he's a good guy, anyway.

HERE IT IS, just about the end of the column and I haven't mentioned benches, traffic, siestas, the FSP or all the other favorites. . . . Looks like I'm doing o.k. . . . And thinking of the senior tournament played yesterday, is the definition I heard of golf as a game for men too old to chase anything else, chasing a little white pill over the grass.

Go Easy

Be Careful Where
You Dump Rubbish

Police Chief A. G. Kettmann today issued a warning against promiscuous dumping of rubbish or garbage on the desert. . . . There is a city ordinance providing stiff penalties for this practice, he said, and the police are prepared to enforce it. . . . At the city hall it was announced that the city dump is open seven days a week and there is no charge to deposit waste material there.

CALL OF THE WILD—Here's Wild Bill Rashall, kneeling, with another wild variety, a wildcat trapped in town this week. Child Attacked By Wildcat in Village

By BILL RASHALL

From Chicago to Natchez, from Mobile to St. Joe—and thence to Palm Springs, I've been a newspaperman for about 20 years. In that time I've had a lot of crazy assignments given me by city editors. But the zaniest of all was given me Tuesday. It found me with a borrowed "gat" in my hand and a lot of fear inside of me.

For, of all things I have ever been asked to do, that guy, Phat Graettinger, who sits at the city desk of The Desert Sun, asked me to go out and interview a wildcat. At least, that's what I think he meant.

SEEMS he heard there were a couple of bobcats, that's what he calls them, in the south end of town. "Bill," he said, "that's really unusual and you can spell that unusual in caps if you want to. (UNUSUAL) Go and get it." And a few minutes later there I was, with a borrowed gun, worried but fully surrounded by the law for safety purposes.

The story had to do with a wild cat, and if ever there is an animal I am just plain fearful of—it's the wild variety of a domesticated tabby—much larger, with bigger teeth, and longer, sharper claws, reputed to travel with lightning speed using fang and claw when cornered—and this 25-pound, three-foot wild cat was cornered, too!

"GO," SAID SIMON LEGREE Phat, "out to that prominent hotel at the south end of town where a wild cat is cornered in a garden tool shed. It just bit and clawed a fourteen-year-old girl there, and get an interview with the cat—no, I mean the girl or her parents."

But believe me, people, that slip of the tongue about interviewing the cat was the unconscious wish accidentally expressing the thought that really layed deep in the mind of Phat. See WILDCAT, Page 5

Lecturer, Radio News Analyst Dies Here

Major Huber S. Turner, lecturer and radio news commentator, died at the Palm Springs Community Hospital, Wednesday morning at 7 a. m., after a short illness. Major Turner and his wife made their home at 250 El Paseo Mirador.

The deceased was a veteran of World War one and two. During the first conflict, although a British subject, he served with the American forces and was on Herbert Hoover's food commission in the Balkans. In world War II, he was assigned to the intelligence department of the American Army. Funeral services were held today at the Little Church of the Flowers, Forest Lawn Memorial Park, Glendale. He is survived by his wife, an authoress, and a brother, who resides in Buffalo, New York. Dr. C. H. Woodmansee was the attending physician.

Cash Bid For Buildings at Torney Okayed

City council in session Wednesday afternoon voted to authorize City Manager William E. Alworth to submit a cash bid for off-site use of 14 buildings now located on Torney General Hospital grounds. The appraised value of these buildings by the government has been announced at \$20,640. The city's bid requests the use of these buildings at a discount of 95 percent or for a total cost of \$1,030. A check for 10 percent of the offered price amounting to \$103 accompanied the city's bid.

THE COUNCIL also instructed Alworth to bid on the electrical, plumbing, gas, lawn sprinkler and fire alarm systems appraised by the government at \$9,367. The offer of the city to purchase contained a request for a 95 percent discount, too, asking that these utilities be sold to Palm Springs for \$468. Ten percent of the offered price also went along with this bid. Alworth's letter, in asking for the 95 percent discount, cited the use to which these buildings and utilities would be put by the city. The bid said these uses would be for the fulfillment of public interest; veteran-housing, for a health clinic, and educational purposes in conjunction with the Desert School District.

COUNCILMEN voted to hold the next meeting April 2, in the former army administration building at the Palm Springs Airport. At that time public hearing regarding a new proposed definition of the word "club" as contained in an ordinance now, will be held. The meeting had been scheduled for Wednesday night and had to be postponed due to the lack of a place in which to hold the public hearing.

Miss Mashburn Wins Contest

Cherie Mashburn, who won the local oratorical contest sponsored by the Palm Springs Lions club, went on to the zone contest yesterday when she won the regional contest at the high school. She won in a two-cornered contest with Phillip Wynans of Banning and Miss Katherine Finch, Carl G. Lykken and Harold D. Jacobs as judges.

The zone contest will be held at Riverside. As a result of her victory in the regional contest yesterday, Miss Mashburn won a \$25 cash prize. Subject of the speaker is "Can Youth, by Local Leadership, Strengthen the Responsibilities of Government?"

Earl Coffman Honored By Local Legion Post

Gold Certificate
Presented Prominent
Villager at Ceremony

One of the highest awards in the American Legion, a gold life membership certificate, was given to Earl Coffman, first commander of the Owen B. Coffman post of the American Legion here. The presentation took place Wednesday night at a dinner-dance in the Colonial House honoring all past commanders of the local post. Approximately 120 members of the Legion and many prominent citizens were there for the occasion.

THE PRESENTATION of the gold membership card was made by the present commander of the Owen B. Coffman Post, Jerry Sanborn. The award was made in recognition of Earl Coffman's long and devoted service in the Legion.

Gordon Feehings, past commander of the Legion post, introduced the distinguished guests at the gathering among which were, Father Francis McGann, former pastor of "Our Lady of Solitude", Mayor Clarence Hyde, Judge Eugene E. Theriault, Chief of Police August Kettmann, Fire Chief Bill Leonosio, Harry Harper, manager of the Chamber of Commerce; Phil Delano, president of the Chamber; City Manager William E. Alworth and Earl Strebe, all of the past commanders of the post who were present and many others.

IN ACCEPTING the gold certificate Coffman declared that he has long cherished his membership in the American Legion and praised that organization in its work to make this country a better place to live in and its constant program in making good Americans out of this country's citizens.

Earl Coffman was the commander of the American Legion Post here in 1935. The organization was renamed following the death of his son, Owen B. Coffman, a B-17 Flying Fortress pilot, who died during a crash landing of his plane in England in 1944.

Commanders of other veteran organizations were also present in honoring Earl Coffman. Those there to personally congratulate the first commander of the Legion, were Dr. James Potter, commander of the Disabled American Veterans; Glen Rogers, commander of the Frontier Post of the Veterans of Foreign Wars, and Bill Rashall, senior vice-commander and Junior Vice-Commander of Cameron of Palm Springs Post 34 of the AMVETS.

Past commanders of the Owen B. Coffman post present were: Art Wills, Gordon Feehings, Jack Holtich, and Harold Lienau. Mrs. Harold Lienau, president of the resented. . . wHe, -f ?BofCol American Legion Auxiliary representing that organization, also complimented Earl Coffman.

Red Cross Drive Well Over Quota

The Palm Springs branch of the Riverside county chapter of the American Red Cross, as of Thursday noon, reported the current fund drive well over the goal with more to come in.

Billy Wright, head of the fund campaign, said that the fund collected up to noon yesterday was well over \$12,000. The goal in the drive was \$10,750.

WITH SEVERAL committees still to be heard from and with reports expected from Desert Hot Springs and Cathedral City, the total will probably reach well over the goal.

The Gray Ladies corps of Palm Springs are also expected to report a substantial sum for the drive. Mr. Wright today expressed his great appreciation to all of the committees and all of the workers for the great job well done.

EVERYBODY concerned in the campaign "really went to town," he said. This co-operation, so freely given, meant that the campaign was a real success.

Before the close of the drive, Mr. Wright said, he expects it to be well over the unofficial goal, which, while he would not admit what it was, is far above the \$10,750 official goal.

Keep Pets Under Watch, Is Advice

Keep your dog or cat confined to your premises for the next two weeks at least.

This was the warning issued by Thomas P. Jones, chief deputy of the Riverside County Health department following the discovery by county health officials that the wild cat which attacked Bobbette Buehler, 14, while she played about the swimming pool of a prominent hotel located at the southern end of town Wednesday morning at 7:30 a. m. was suffering from rabies.

THE WILD CAT before it was frightened away by guests of the hotel, had deeply lacerated the left shoulder of Bobbette with fang and claw.

After its capture by Jim Maynard and Harry Houghton, the head of the cat was sent to Riverside County Health department where its brain was analyzed and

it was found that the animal had been suffering from rabies.

Deputy Jones asked The Desert Sun to publish his suggestion that owners of cats and dogs in the Palm Springs area keep their pets confined to home grounds or on leash and from contact with other animals in the Village.

"THIS SHOULD be done for at least two weeks," Jones declared, "unless a dog or cat with a case of rabies is discovered within that time after which additional measures will be suggested."

It was pointed out that the cat which bit Bobbette Buehler, may have sunk its saliva infested teeth into the body of some pet in the neighborhood and the disease of rabies imparted to a dog or cat.

Spectacular Rodeo To Feature Circus

Tickets for the spectacular championship rodeo to be presented by the Owen Coffman Post of the American Legion on April 12 and 13 as a climax to the 11th annual Desert Circus, will go on sale downtown early next week, with prospects bright for an early sell-out, Rodeo Chairman Frank Bogert announced today.

Plans are being completed for installation of a booth similar to that from which tickets for last year's successful event were sold throughout the day and evening, providing a convenient place for rodeo fans to arrange for their admissions. Prices for the 1947 event will be the same as last year. Proceeds go into the World Wars Memorial auditorium building fund.

LOVERS of the rodeo sport lucky enough to hold tickets will see 12 major events each afternoon of Saturday and Sunday with the top-flight riders of the west tackling the toughest stock which Andy Jaurequi can furnish.

This thrill-packed schedule includes, besides the grand entry which this year will be exceptionally colorful due to the addition of Leo Carrillo and other notable figures, bareback bronc riding, calf roping, bronc riding with saddle, trick roping, comedy numbers, bulldogging, trick riding and bull riding.

ABE LEFTON, recognized as the greatest rodeo announcer in the West, will handle the microphone at the Field Club, his running wit during a show being easily worth the price of admission, in the opinion of the rodeo boss, Bogert. An added attraction also is Fess Reynolds, also celebrated as the king of the rodeo clowns, whose antics and bullfighting aloft provide a continuous comedy throughout the afternoon.

Headlining the cowhands who will try their luck with Andy Jaurequi's mean horses and bulls will be Gene Rambeau, all-around cowboy champion of 1946. He will be entered in four different events.

WORKING with Chairman Bogert on the rodeo committee for the Legion Post are Trav Rogers, veteran rodeo director; Phil Delano and Kenny Paul.

The Field Club, for the first time in years, will present a brighter appearance for the guests at the two-day event. Under the direction of Los Compadres who have the field under lease, much paint and whitewash have been applied where they will do the most good, additional rest rooms installed and the place put in generally good repair.

Leo Carrillo Will Be Head Of Big Parade

Leo Carrillo, one of California's most colorful personalities, yesterday accepted the invitation to officiate as grand marshal of the Eleventh Annual Desert Circus Parade and Championship Rodeo, April 12 and 13.

The famed screen and stage star, who has become an institution at parades, fiestas and celebrations, of every description in California, expects to be accompanied by his family. They will be guests of the Desert Inn during their stay through the courtesy of George Roberson and Earl Coffman.

ALTHOUGH UNCERTAIN as to whether motion picture commitments will permit his stay throughout the Circus schedule, Mr. Carrillo is definitely planning on attending and officiating at the two big climaxing days of the week, he notified Barney Hinkle, general chairman of the parade. See PARADE, Page 5

Unusual Trace of Rain and Cloudy Weather

Stormy weather? Well, the staff of The Sun looked forward to it this week as just a little change from the usual desert sun but instead, all we got was temperatures in the high 70s, a bit of 88 and cool, comfortable nights.

There was a bit of rain Tuesday morning but Fire Chief Bill Leonosio said, scornfully, "just a trace, not enough to record." Temperatures since last reported in The Sun:

Date	Max.	Min.
Mar. 17	88	57
Mar. 18	75	48
Mar. 19	78	46

P. S.—And then, last night, after this was written, we did have a bit of stormy weather—with lightning, thunder, rain and the wind. Most people seemed to like it.

P.P.S.—And today is the first day of Spring, tra-la.

What Goes on in Palm Valley

By DON CAMERON—

There was so much favorable comment on last week's column under its new name that I'm inspired to keep on giving it to you. Down at the Thunderbird Frank Bogert was knee deep in plans for the American Legion rodeo next April 12th and 13th. Between lining up outstanding trick riding acts for the rodeo and feeding and housing 70 or 80 guests at the ranch he really has his hands full. Frank's riding stable, operated by Jerry Mack, has filled a long felt need out this way.

DESERT AIRPARK was a hub-bub of activity again this week. Jack Sherwood tells me that if a 4-motor Constellation starts landing here to think nothing of it as Hank Gogerty plans to have one sitting on the grass in front of the bungalows. The idea is to have a tropical garden around their planned swimming pool and have this big plane parked there with a restaurant under one wing and possibly later a cocktail lounge under the other. Bill Stewart, formerly a Flying Tiger, came down in his B.T. 13 this past weekend. In another B.T. 13 was Palm Springs popular contractor, Fred Duffey. Maxine and Percy Whiteside dropped in from Tulare in their brand new Navion. They came down to visit Bill and Helen Reichel. Also visiting the Reichels are Mrs. Richard McDonald of Oakland and Mrs. Victor Palmer of Phoenix.

AT RANCHO MIRAGE Mr. and Mrs. Phineas Prouty are staying down for the week. Phin is putting the finishing touches on his new woodworking shop. Dr. Claude Church is busy as usual but this time he is chairman of the Joint A.M.V.E.T.-V.F.W. committee putting on the Air Circus. He has an office across from the police station in Palm Springs in Gus Nordon's new building and for any air circus information call him there at 7504. One of the pioneers of Rancho Mirage, Jack Swetland, has just come home from a ten day stay in the Palm Springs Community

Food Sale Will Be Held Here by St. Paul's Guild

The Guild of St. Paul's in the Desert will hold a food sale tomorrow at 2 p.m. in the new Palm Springs Center, near the Bank of America. There will be all kinds of cooked foods, salads, pies, cakes and cookies for sale. Mrs. Raymond Wilson and Mrs. Francis F. Crocker are co-chairmen of the committee in charge and are assisted by Mrs. Frank Camp, Mrs. Frank Partridge, Mrs. John S. Lapp, Mrs. Eber Kanaga, Mrs. Frank Roberts, Mrs. H. Earl Hoover, Mrs. D. S. Bailey, Mrs. Edward H. Maggard and Miss Anne Roberts. The proceeds from the sale will go toward the Sunday school building fund.

If there is anything in which we may have been international, it is human sympathy.—Secretary of Commerce Harriman.

hospital. We are all glad to know he is on the road to recovery.

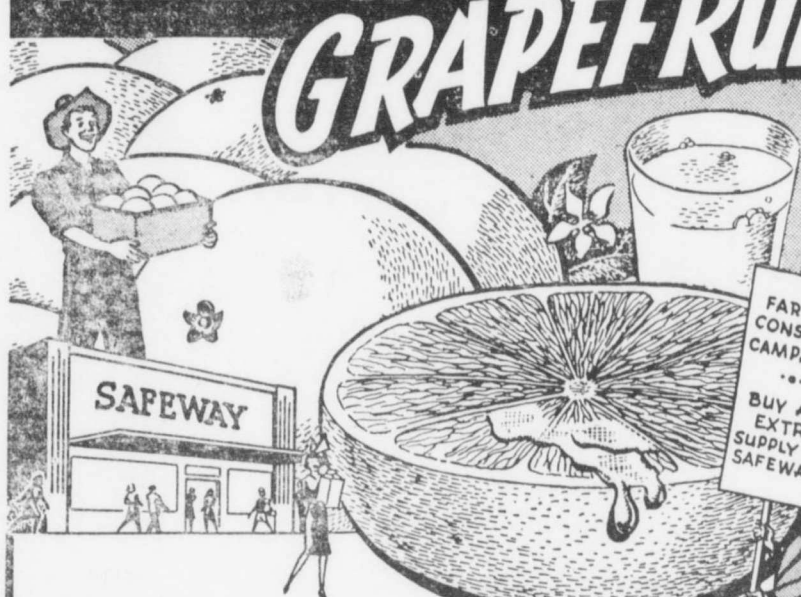

AS MOST OF YOU know I am now with the new Palm Dell tract adjoining Rancho Mirage. Clyde Berglund and I operate that new pink office for Culver Nichols on the Palm Springs-Indio highway. Adjoining Palm Dell on the east end is the famous Gillette ranch. King Gillette tells us that this past warm spell brought the date blossoms out earlier than usual. As a result they are busy pollinating and if any of you city slickers want to see this delicate job performed come on out.

Peggy Randall, the mainstay of The Desert Sun's accounting department, gave a going-away party for Andy Hart of Western Air Lines who is being transferred to Oakland. Along with Patricia Rader, Anita Anderson and Jim Randall they gave the Randall Ranch a working over.

AT PALM DESERT a new rental unit is going up. The way business is out here twenty or thirty new motels wouldn't be going to fill the demand.

Have you seen those shining new copper wires that are being strung along the section line north of Palm Village and south of Palm Dell? Take my word for it they are there, so it is safe to go down to Francis Crocker and get those new electric appliances you've been waiting for. Cheerio Mates.

What Is Honesty?

By ETHEL GILLET WHITEHORN

Prior to her speech in the Shrine Auditorium, Los Angeles, last Monday night, Mrs. Eleanor Roosevelt held a press conference. She stated that, in her opinion, the Communist Party in America should not be eliminated, and she referred to "honest communists."

The Constitution of the United States is the American people's most sacred trust. Its three basic truths are freedom of speech, freedom of the press, and freedom of religion. Communism doesn't recognize these freedoms, therefore, it seems to me, that Mrs. Roosevelt should be answered in the following manner: "No honest American, who believes in the Constitution of the United States can be a Communist—and no communist can be an honest American."

AT THIS PRESENT TIME, two bills have been introduced in the Congress, one by Senator Alex-

ander Wiley of Wisconsin, and one by Congressman Bertrand Gearhart of Fresno, California. Both bills, if passed will provide adequate punishment for those who desecrate the flag of this Republic, and visit upon them the contempt which every true-blue American has for their ilk. For some reason, beyond understanding, Mr. Gearhart points out, the Congress, never in the one-hundred-and-sixty-odd years of its existence, has passed any law to authorize Federal officials to apprehend and punish the desecrators and mutilators of the flag of the United States.

In a speech to his colleagues in the House of Representatives on March 6, 1947, Congressman Gearhart shocked his listeners both on the floor and in the galleries when he read a direct quote taken from the Syracuse (N. Y.) Post Standard of Sunday, February 16. In this article it is revealed that

Musical Program Marks Meeting of Business Women

The Palm Springs business women's club held its regular breakfast meeting Wednesday morning at the Desert Inn Coffee Shop.

A beautiful flag was presented to the club by Gladys Capper. This flag was draped on the engine of the funeral train of President Harding and given to Mrs. Capper's father, an official of the Chicago North Western railroad at that time.

THE ENTERTAINMENT committee chose a delightful program for the club members and their guests: Richard Hutton, popular young singer and guitarist about the Village, opened the program with a tuneless song about Palm Springs. The lyrics of the song were written by Ann Wadsworth who has lived on the desert for 15 years and really chose appropriate words for the desert. The lilted music was written by Suzanne Bailey, graduate of music from a European Conservatory of music and arts. Palm Springs is fortunate indeed to have two such talented young women.

PLANS to take an active part in the Desert Circus were discussed.

Emma Jean Hume, president, announced the next important meeting to be held at the Desert Inn Fiesta House March 31 at 7:30 p.m. By-laws will be read by Charlotte M. Bridgman, chairman of the by-laws committee.

one Milton Mayer, a University of Chicago professor, while addressing a meeting of One Worlders in Syracuse, unobscured himself in the following words:

"We must haul down the American flag. And if I wanted to be vulgar and shocking, I would go even further, and say haul it down, stamp on it, and spit on it."

AND ACCORDING to Congressman Gearhart, the newspaper article contains the further quoted statement: "Most of the nearly 200 persons attending the meeting greeted Mayer's statement with prolonged applause."

After reading from the Syracuse Post-Standard, Congressman Gearhart said: "If that is a sample of the subversive sentiments which some of our professors in some of our publicly supported and privately endowed educational institutions of our country are giving expression to, subversive sentiments to which certain of our public audiences are shouting their approval, I say it is high time that the American people begin to haul down, not the flag, but the professors who are preaching and teaching such destructive ideas." (Congressional Record, March 6, page 1786.)

It behooves every citizen of this nation who believes in his country and his flag to write a letter or a postal card to Congressman Gearhart, address, House Office Building, Washington, D.C., and inform him that his bill — H.R. 234 — should be passed immediately. In so doing, you are answering the question — "What is honesty?"

St. Paul's Guild To Meet Tuesday at Hobson Home

Next meeting of the St. Paul's in the Desert Guild will be held Tuesday, March 25, at the home of Mrs. John Hobson at 429 Camino del Sur.

The business meeting will be held at 11 o'clock followed by luncheon. Sewing will occupy the afternoon.

Mrs. Frank Camp will be the hostess.

One of the most successful and also the largest card party to be given by the Altar Society of the Catholic Church was held Tuesday, March 18, at the Desert Inn.

Mrs. Nellie Coffman, as always, was there to say hello to all friends. Greeting guests at the door were Mrs. Clarence Simpson, president, Mrs. Al Renier, Mrs. Osmand Turonnet, Mrs. Earl Hough and Mrs. Alice Guthrie. Miss Therese Fields was the lucky winner of water color, donated by Earl Coffman.

MARCH ABOUNDS in birthday days. Monday, St. Patrick's Day. Billie Mosely entertained at dinner for the Tex Driscolls, Kenny Pauls and Elmo Purnells. Tex and Hatch were celebrating their birthday and Kenney's had been the week previous while Elmo's is next Tuesday. Virginia Paul entertained for Kenney on Sunday night, serving a buffet dinner for her twenty-four guests. Other parties are being planned for this week. Also Shirley Hodge will come down from Riverside for her birthday.

The American Legion also celebrated a birthday, the birthday of the post, by holding a gala dinner party Wednesday evening at the Colonial House. Legionnaire Earl Coffman was honored as the founder of the post. Both Thelma and Bill Davis, owners of the lovely Colonial House, are Legionnaires. tack on Wednesday was driven by her parents, Mr. and Mrs. J. D. Buhler to Las Vegas, Nevada last night. On arrival, the father plans to place his wife and daughter aboard a Western Air Lines airship for Pocatello, Idaho, the family home. There Bobbette will immediately be placed under the care of a physician and will no doubt undergo the Pasteur treatment. Buehler declared. The series of serum injections are reported as painful by those who have had to undergo them.

THAT MORE THAN ONE wild cat was infected with rabies loomed as a possibility with the report that John Warner, living near Araby Point, played hide-and-go-seek with a wild cat Tuesday afternoon. Warner reported seeing a wild cat approaching him along the driveway of his home. He is reported to have been chased inside his home by the cat. Later, shot gun in hand, he found the cat snarling and hissing from beneath a deck chair in his back yard. Warner is reported to have killed the animal with a blast from his gun.

When the actions of this wild cat were described to Chief Deputy Jones, he said that in his opinion, that animal too was infected with rabies and was no doubt the mate of the one which attacked Bobbette.

Mrs. Whitehorn Hostess for Two Prominent Visitors

One of the most outstanding events of the winter season was Mrs. James Whitehorn's luncheon at the Desert Inn Wednesday when she honored her houseguests, Mrs. Jessie Williamson, California's Republican National Committeewoman, and Mrs. Emily Herb, both of Berkeley.

The highlight of the festive occasion was Mrs. Williamson's memorable and humorous speech which followed Mrs. Paul Belding's presentation to her of a frontier hat heavily laden with toys, each one symbolic of the Republican elephant and the Democratic donkey.

Mrs. Whitehorn's guests at the luncheon were Mesdames Nellie Coffman, Earl Coffman, Arthur Bailey, Paul Belding, Frank Bennett, Raymond Haight, Newton Hotchkiss, Frank Davies, William Maloof, Charles B. Hinkle, Oliver Jaynes, Austin McManus, George Robertson, Lyle Newcomer, William Reichel, Sam Kramer, Miss Muriel Fulton, Mesdames Eva Jahn and Louise Break, both of Redlands.

Desert Expansion Program Will be at Coachella Rally

Members of the Riverside County Planning Commission are planning to conduct an all-day meeting and tour of Coachella Valley, Tuesday, April 8, at which time they will gain a first-hand knowledge of the problems arising from the great expansion program of the desert.

Entertainment plans for the members who will be in attendance were completed Monday night by the Coachella Valley Advisory Planning Committee in a meeting at Coachella. Four men of the Palm Springs and Cathedral City areas — Gordon Feeings, Charles Burket, W. R. Hillery and Harry C. Harper — hold membership on the committee which has been meeting twice a month to make a united attack on zoning and general planning problems.

THE COUNTY COMMISSION, headed by A. C. Fulmor, will hold its regular monthly meeting at Coachella on April 8. Members of the group will arrive there about 9:30 a.m., and conduct a session until noon. They will be honored at a luncheon and will be taken on a tour of the All-American Canal and other areas of the Valley afterward. In the

evening they will participate in a school planning forum at the high school there.

Members of the Coachella Valley committee plan to outline and present to the commission reports on the planning problems which are increasing daily due to the exceptional growth of the desert country.

ALSO at the meeting Monday night the committee voted to begin drafting of a master highway development program on which road projects in need of county funds will be listed on priority basis. These recommendations then will be submitted to the county supervisors and county highway department.

Wildcat . . .

and for a minute or two such ideas as resigning right there and then flashed through what I call my mind.

AND WHY I did not resign right then and there indicates conclusively the little brain power I possess and more so when I walked over to the police station and asked to go along with "Tiny," 250-pound, 6-foot, 2-inch tall, Jim Maynard, and Harry Houghton, police officers, called to the scene of the trapped cat.

Houghton, who hails from Chicago and has never been any closer to a wild animal of any sort outside of the zoo in Lincoln Park of that city, immediately started looking for automatic shot guns, checked his trusty side arm, supplied himself with extra ammunition and then went looking for a club, knife, and other lethal weapons as I have seen cops do when called to quell a riot at the joint in South Chicago.

JIM MAYNARD, who has lived on the desert hereabouts since he was six years of age and played hockey from school to go tramping through the San Jacinto mountains, seemed nonchalant about the whole affair but when he handed me an ugly-looking automatic, saying at the same

time: "You might be in need of this, Bill," I began to have no little amount of apprehension regarding this wild cat assignment.

On the way out to the hotel Jim Maynard comes up with the idea of pulling a "Bring 'em Back Alive" stunt made famous by the big game hunter, Frank Buck, and that was just about the last straw—but Houghton driving the automobile wouldn't stop to let me out and we arrived safe and sound but yours truly was, to tell the truth, trembling a little with excitement.

THERE WAS A GALLERY of hotel guests safely grouped behind a glass partition to watch in grand manner the capture or killing of the cat. I found out that little Bobbette Buehler, 14, daughter of Mr. and Mrs. J. D. Buehler of Pocatello, Idaho was the wild cat's victim of attack.

It seems that Bobbette and several playmates arose early in the morning to romp around the swimming pool and incidentally go swimming. It was approximately 3:30 a.m. when without warning the cat leaped upon Bobbette's back and sunk his fangs and claws into the little girl's shoulder and back. The other children ran screaming toward the hotel as did Bobbette with the cat clinging to her back. Guests hearing the commotion rushed to her rescue. I was told but by the

time they reached her side, the cat had disappeared.

AN HOUR or so later, the gardener at the hotel went into the shed where he keeps his gardening implements but quicker than the average person can say "scat," he came tumbling out of the place slamming the door behind him. He didn't stop running until he reached the lobby of the hotel to telephone the police that in his opinion that green-eyed thing that was hissing and growling in a darkened corner of the shed was the wild cat that had jumped Bobbette and that is where Maynard, Houghton and myself came into the picture.

Maynard goes to the door of the shed, opens it about an inch or two and scans the darkened interior. Houghton moved back and started to pump cartridges into the breach of the shot gun and I began to nervously finger the butt end of the pistol Maynard had handed me.

JIM MAYNARD opened the door a little farther and progressively I moved backward as did Houghton who pumped another shell into place, in case, he said, he missed with the first shot. Finally Jim stepped through the door and the next thing we heard him say was:

"Nice pussy cat—pretty little pussy cat," giving me the impression that he was so tenderhearted that this affection of his even extended to wild cats. What a guy! Somebody once said that angels tread where others fear to go or vice versa and just about that time Dr. O. B. McKory walked up behind Maynard and stood in the door way.

"DOC," said Maynard, "if that cat moves from where I see it sitting now, there's going to be a lot of tramping done and you may be nothing but a mat under my feet when I start to move." Whereupon, the doctor, aware of Maynard's size and the possible fractures of arms, legs, and ribs that it would be wholly possible to sustain should Maynard decide to move in a hurry, used the better part of judgement and got away from the possible route Jim would follow.

Finally Maynard closed the door gently behind him, that is from the outside, and began fashioning a noose of a clothes line which he attached to a long pole.

WHEN HE FINISHED the contraption, we all went to another side of the shed where a window was located. Unlatching it from the outside, the giant officer opened it hardly more than an inch when suddenly there was a sudden commotion from within and the cat lunged at the aperture.

Everybody jumped backward including me who was first to do the jumping, except Maynard, Houghton and Ray Tomkins, a local painter who was lending a hand by this time. The vicious looking claws on one of the cat's paws protruded and I began to think again about Phat's idea of "interviewing the cat," something of a shudder and some black thoughts.

WHEN THE CAT retreated for a moment or two, Maynard still intent on bringing it back alive as a souvenir for the Desert Museum finally poked the pole and attached noose far enough inside of the shed so that when the cat lunged at the prod, it literally put its own neck in the noose.

But it didn't stop the cat. On it came headlong against the wooden barred window and with such force that the three men, Maynard, Houghton and Tomkins, had all they could do to keep it from breaking out.

By this time I was the only one with a gun in hand and I began warning spectators away from the scene for fear that the pistol might go off in the wrong direction.

AS THE CAT LUNGED again and again, it was later learned, Maynard lost his chance of bringing it back alive—the animal choked itself to death. While Houghton held it close to the barred window on the inside, Maynard and Tomkins went around through the main door and slipped another noose around the cat's midriff and that, my friends, was the brave deed I performed—like the guy that holds a coat for a friend engaged in defending himself against an antagonist. Yes sir, that's me and as for Phat, well—

Spring Flowers Now Blooming

Spring flowers are on parade these days in the windows of the Palm Springs Chamber of Commerce!

Through the cooperation of sixth grade students of the Francis Stevens school, continuous displays of the principal flowers of this region are to be maintained in the chamber windows for the information of visitors to the desert.

The spring floral displays are under the direction of Era A. Franklin, teacher of art at the school.

Initial displays were presented to the chamber of commerce and arranged in a window of the office by Mary Anne French, Charles Hurd, Judy Beckanstin and Sylvia Nelson.

Wild flower books, picturing the specific flowers being displayed, are included in the displays to furnish all information possible for the edification of the desert visitors.

As each new species comes into bloom the window displays will be changed by the students, providing a continuous exhibit through the spring months.

The floral-gathering project was suggested to the schools after Mrs. Charles Henderson recalled that in former years students of the school derived much fun and information by maintaining such displays during the blooming seasons.

Cathedral City News Roundup

Reported by MARY R. WOLSETH

Cathedral City C. of C. Plans For Coming Year

The board of directors of the chamber of commerce met at the home of the president, Frank Russell on Tuesday evening March 18. A program of activities for the coming year was decided upon and committee chairmen and members of committees were chosen by the president.

The difficult job of sanitation chairman was handed to L. C. Lewis who, having been warned of the appointment had given considerable thought to the situation and gave the directors his outline of what should be done. It was unanimously decided that the forming of a sanitary district was a necessity in order to purchase a dumping ground which will be required within a year and to put the whole garbage situation on a sound basis. The necessary steps will be taken but it will be almost a year before the arrangements can be completed. In the meantime Mr. Lewis proposed new measures be

Many Residents of Cathedral on Museum Roster

Cathedral City's interest in the Desert Museum was manifest this week with many residents of the community showing their interest and appreciation of what the museum is doing.

Among Cathedral City residents who joined recently are: Mr. and Mrs. Frederick M. Moore, Miss Esther Peterson, Mary Wolseth, James K. Wolseth, Mr. and Mrs. Irving Sussman, Capt. and Mrs. George A. True, Mr. and Mrs. Claude Cobb, Agnes Pelton, Mr. and Mrs. C. L. Lewis, Mr. and Mrs. Willard Price, Mr. and Mrs. Paul W. Clark, Christina Lillian, Mrs. Agnes T. Wilbor, Mr. and Mrs. H. E. Peterson, E. Dorn, Mr. and Mrs. Alex Bowker, Mr. and Mrs. C. W. Larison, Mrs. Ann Reilly, Mr. and Mrs. W. R. Hillery, Mr. and Mrs. Frank C. Russell.

taken to collect money outstanding and to come.

A new committee has been formed called the "Greeters Committee" to stand at the door when meetings are held and introduce members to each other.

Pioneer Ball at Cathedral City Successful Event

The Pioneer Ball accomplished its purpose of bringing all groups, men and women together for a good time last Saturday night down at the DeLuxe Trailer Park recreation hall. Four to five hundred people attended the affair and helped to raise the necessary funds promised to the girl scouts for their Scout house recently erected by the fathers on the school grounds.

Prominent among the hard working group who put over the Gay White Way was Al Sprague, who single handed until assisted at the end by Leslie Kelley, put up his three side shows and obtained the services of that scintillating red haired George La Baun for his Hula dancing show. Cora LaBaun made the Salome record which was played for the occasion. Al was the barker with his megaphone and there was no doubt in the minds of the spectators that he missed his real calling in not having followed the show business as a career.

Re-Elect Officers Of Cathedral City Community Church

The Woman's auxiliary of the Cathedral City Community church held its annual election of officers at their monthly meeting March 7 at the home of Mrs. Lucy Abels.

The following officers were re-elected: Mrs. Edna Peterson, president; Mrs. Olivia Jordan, vice-president and program chairman; Mrs. Lucy Kyle, secretary. Miss Nellie Tucker was elected treasurer. Mrs. Beatrice Holm, the efficient supervisor of sewing was given an assistant, Mrs. Emma Hammill. Mrs. O. D. Wenger and Mrs. Edna Laas will continue to lead the devotions.

Mrs. Frank Russell and Miss Lydia Engh will serve as membership committee and calling committee.

The sewing on cut-out children's dresses was begun with enthusiasm while Mrs. Jordan reviewed several chapters of a book on India. Miss Etta Springer and Mrs. Abels were hostesses for the afternoon.

In his well known con skin trackers outfit which has been seen many times in movies, acted as the judge and fined miscreants for their sins, when they were dragged before him by "Ma Johnson," lady sheriff.

Prizes were awarded to Mr. and Mrs. Jack Maddox for their early California Spanish attire; to Mrs. Josephine True for her typical sunbonnet lady of the covered wagon days; Harvey Peterson as the most original male costume "old time drunk"; the most original woman's costume of the Gay Nineties to Mary Wolseth, the most authentic male costume to Raymond Hatton.

Claude Cobb as banker, had so much business to attend to that he went into shirt sleeves before the evening was over. Edna, his wife with her mutton-legged sleeves, added to the festivities and did much to insure the ball's success.

Personals

Cathedral City went over the top in the Red Cross drive, according to Lolita Waller, Red Cross chairman. Mrs. Leah Lewis was the first worker to hand her money in and Mrs. Ethel Moon and Mrs. Ted Forbes came next.

Miss Lydia Engh entertained a few friends to tea last week honoring Mrs. George Googler's two house guests, her sister Mrs. Elmer Hansen and her niece Mrs. Signa King, both from Seattle, Wash. Mrs. King sang the solo for the church service on Sunday morning accompanied by Mrs. Ruth Duncan.

Bill Hillery is spending a few days at his cabin at Thomas mountain laying in a new store of energy after his labors to put through the flood control project. To Bill and Phil Boyd go most of the credit and thanks which a grateful community can offer for their untiring labors.

Mrs. Beatrice Holm's sunbonnet quilt was won by Mrs. Donna Masters, guest at Miss Lydia Engh's. There will be another of Mrs. Holm's quilts on display at the Cactus Jumper's Jamboree. A ring pattern with a yellow background this time. Proceeds will go into the firemen's building fund.

Sez I

By MARY WOLSETH

I was just going over what we have accomplished this year," sez Mrs. Lucy Abels, retiring president of the Woman's club, "and I declare, it's amazing what a little town like this can do if it sets its mind to it and everybody gets together. Last year at this time we had fifty members of the Woman's club. This year we have almost 130 and have voted to federate next fall. We have raised under the sponsorship of the club over \$1000 which is being spent on the Girl Scout house and the Town Hall. Things we thought almost impossible last year have been done and a program is outlined for next year which will make this year's accomplishments seem small."

When women really make up their minds that something should be done it takes the men a little while to get over their natural resistance but eventually when the ball starts rolling it's the men who push it up the hill and over the top. There are men in this town who have held high places in large towns for the initiative and accomplishments. There are also men who started here years ago and have worked steadily spading the ground work without much to show, and lastly there are the young men between 20 and 50 who are in business here and want to stay. They are the ones to do the work, sez I.

Everybody Likes To Watch Them Dig, It's a Habit

It has become a favorite pastime to walk down and watch the county bulldozers digging the flood channel back of the Cathedral Motel near Allen avenue and C street and to bet on the progress that will be made each day on the flood control channel.

In order to have the work completed before the flood season starts in July and August Max Bookman, the county flood control engineer, is pushing the work to the utmost.

Cactus Jumpers Jamboree Tickets Placed on Sale

Tickets are out for the Cactus Jumpers Jamboree, the annual shindig put on by the chamber of commerce and ranking with the Palm Springs circus and the Indian county fair as far as the citizens of Cathedral are concerned. The barbecue will start at 1 o'clock and will continue all afternoon and evening. Games and fun will start at the same time in the hall which the firemen are enlarging 24x24 feet in time for the event, and in the evening the prizes will be awarded.

Famous for his beef and barbe-cuing Harry Bergman from Aguaanga will again bring his helper and sit up all night roasting and turning and spicing the beef to a king's taste. Mr. Bergman has a museum of no mean proportions at his home.

The union leader should promote the welfare of the business as well as that of the employees and be prepared to encourage employer and employee practices which will increase productivity and improve the competitive position of the company.

PLANS were made for the flower show and art exhibit to be held on April 7. Mrs. Georgia Caldwell Freeman will have an exhibit of floral paintings on that date.

Mrs. Freeman, who is a resident of Long Beach, has studied under such noted teachers as F. G. Walker, twice president of the Paris-American Art association of Paris, and Sarah Wood Stafford, instructor of the Chase school of art in New York. Florals are Mrs. Freeman's forte, but her landscapes are true to tone, detail and proportion. Demonstrating her versatility still further, she paints portraits which have been highly praised by the critics. She is also an accomplished musician. These paintings will be on sale at the club.

Rules for the flower show will be announced early next week. Tea chairman at Monday's meeting was Mrs. Donald Lockett.

Expansion Plans for Science Dep't Outlined

Paul Summers, P.S.H.S. science teacher, outlined the extensive needs for more space and equipment for the science department to the P.S.H.S. board of trustees at their last meeting.

Mr. Summers advised that another full time science teacher be added to the faculty next year to teach life science and physiology. He also said that three years of science should be required for graduation beginning next year.

Two science programs should be offered according to Mr. Summers as follows: for students not planning to attend college, general science, photography, health and hygiene, physical science, and practical chemistry should be offered and for college preparatory students, biology, physiology, academic chemistry, academic physics, and psychology.

H. S. Kitchen Rapidly Taking Shape at School

Through the confusion and banging of pots and pans and the scrubbing of cupboards, drawers, and sinks, emerge several smudged faced girls eagerly anticipating the day that their first cooking course would begin.

Miss Margaret M. Michel and her brood are busily preparing the foods laboratory into a young woman's dream of a kitchen. Although the space in which the girls have to work is small, they take little notice of this detail and think only of how their just products will turn out.

Miss Michel is not only a teacher of the food classes but seems to the girls like a second mother who spreads her wings over all with her knowledge of cooking.

G. A. A. Convention Attracts 300 Girls to Village

Palm Springs' famous weather out did itself Saturday, March 15, when the P.S.H.S. Girls' Athletic association, as president of the Girls' Athletic federation, welcomed 300 young women to the Plaza Theater for the annual G.A.F. convention.

President Vivian Gautiello opened the convention at 10 o'clock with words of welcome to the group and an expression of gratitude to Earl Strebe for the use of the theater and for the help that has been given by others. Dr. E. E. Oertel, principal of P.S.H.S., then expressed the wish to the girls' that their meeting would be enjoyable and profitable even though our facilities were unable to house them over the weekend here in the desert.

ROLL WAS CALLED and minutes of the last convention were read by Ruth Hall, president of the Redlands G. A. A., which school holds the secretaryship of the G.A.F. Ballots were collected and votes for the 1947-48 year counted.

The meeting was then continued by a panel discussion by Joan Baldwin, Redondo; Nellie Fien, Excelsior; and Lindy Lou Hadley of Santa Monica on the merits of the plan for standardization of the point system for all G.A.A.s. Considerable discussion both pro and con resulted. The issue couldn't be brought to a satisfactory vote; consequently each school will mail in its approval or disapproval within the week.

Mrs. Elta Ffister gave an exceedingly enlightening and interesting talk on "Athletics vs. Delinquency." Her truthfulness in telling the girls about the responsibilities that they must prepare themselves for in marriage and motherhood was well received by the group.

DURING LUNCHEON at the patio at school Coni Tilghman announced a western and play clothes fashion show. Clothes were shown from Roma's, Knobby Knit and Spauldings. The show gave the visitors a glimpse of Palm Springs fashions.

Officers for the coming year were announced by Vivian Gautiello after lunch. They are as follows: President, La Jolla G.A.A.; vice president, Alhambra G.A.A.; secretary, Orange G.A.A.; treasurer, Antelope Valley G.A.A.; members at large, Riverside, San Diego, and Palm Springs G.A.A.s.

The afternoon was given over to individual discussion groups. Different G.A.A. problems were talked over by the girls who gave suggestions to each other which have been used in their G.A.A. activities.

Gazoozit

By LO LO VALLIER

Having just recovered from a long swoon caused by a short glance at Sinatra this week as he toured our much toured streets I move forth from that hazy daze that follows a true view of a movie grove and with a feeble utterance (you heave ho!) lift my pen and mark the paper with a pinch of zit, a teaspoon full of zat and cup of zozot. Baked in a moderate oven for one half hour you have the grub of the grigs, the cake of the crumbs, Gazoozit.

Friday night every little thing that happened was important but even a flash comes on a spur of a moment so cover your eyes 'cause there was a lot of glare. Just ask Bobby Flavin about that. Out at the butte a few kids got together for the sport of it and had a regular sportsman's time. Miley, Glen Miller, Lester Smith, and lots of others.

BUT THE BIG DIG was up on the snob where people and things revel in their attitude of altitude. Virginia started out with Fern but ended up with Chuck. Jo Wilkes was with Red and Jeanette with Johnny, of course. Slocum was with Nick and Dora Taylor was with Gillar.

ELLA RUTH BROWN of Palm Springs high school displays the modern style of shorts and cap-sleeved blouses often seen on the campus.

March not only brings wind but sunshine and the beginning of spring. To illustrate this new prospect of fair weather, charming and petite Ella Ruth Brown displays her sports outfit of aqua shorts with matching cap-sleeved blouse in stripes of maroon, white and aqua.

Ella Ruth is 5 ft., 3 inches tall and looks well in any outfit she wears. Her shoes are white baby toes. She wears her hair fluffy around her face, and with her fair complexion and her baby blue eyes, her blonde hair is quite an attraction, as are the rest of her features and her figure. As some people would say, she is "quite an eye-ful" as girl of the week or any week.

What a Life Will Be Senior Play; Rehearsals Are On

The seniors will present as their senior play this year the Broadway success "What A Life" by Clifford Goldsmith.

There are eight men's parts and nine women's parts in this play. There is enough talent in the senior class to do the play well and also enough seniors interested, to fill all of the parts. Mr. Irving Sussman, dramatics teacher at the high school explained. Tryouts were held during activity period Friday of last week and also this Tuesday.

The students that tried out for parts Friday were: Sally Robinson, Diane Heller, Jeanette Ofschup, Barbara Croft, Ed Stinson, Jack Pender, Ralph Woodward and Berry Miller. Many more students will try out on Tuesday; some of the students are trying out for several parts. The results of the tryouts will be announced as soon as a decision has been reached by Mr. Sussman.

Boyd but was given to straying away. Shirley Renville was with Galzy, but all the other boys were quite stagg. They were Dick Henson, Bob Morrison, Wino, Bobby Jones, John Klug, J. R., and several others who just dropped in for a short how-do-do. Speaking of sports, as we pere a paragraph ago, Morrison went on a regular hunting trip. Dora was the culprit but not the game. She got a bigger bang out of running down the hill barefooted. Virginia was the life savor of the evening. Preserver, we call her. Slocum was another barefoot beauty. All the girls were pretty calm for the night. How all those people got packed in Johnny's car, after the ball was over, is one of those impregnable mysteries. Packed tight as sardines were Jeanette and Johnny, Jo and Red, (Purple, to you) Shirley and Galzy, Fern and your faithful servant (me, to you). Ask Jeanette about her freak accident. What a calamity but what a laugh! Jeanette and Fern had another of their little spats but things were well under control when the evening was over.

Saturday night Don DuBose had a wonderful party at his home which proved to be a really terrific place for a party. There was hot dogs, salad, angel cake and ice cream. The munch bunch were Jo and Red, Jeanette and Johnny, Donnie and Mable, Coni and K. K., Higgins and Connie, Marilyn and Stinson, Audrey and Seales, Nancy and Jim, Mary Lou and Ed Wills, Marlene and Flavin, Moseley, Griffith, Buddy Sales and Charlotte, Barbara and Don Miller, Arnele and Lopez, Elanne and Norman. The gang played pool, watched movies in the play room, fooled around with the pin ball machine and danced. It was a real success

Indians Lose to Elsinore 19 to 6 In Batting Spree

The Palm Springs Indians were badly beaten last Friday at Elsinore on the Elsinore baseball diamond to the tune of 19-6.

According to Coach M. Thompson, it was a hitting spree with the Elsinore nine doing most of the hitting.

Robert, Palm Springs' regular pitcher, was unable to adjust himself to the mound, thereby allowing 12 runs in two and one-half innings. Hensen, who was recovering from a damaged arm, took over and allowed only 7 runs to be chalked up against him.

Out of Elsinore's 21 hits, 19 were successful, while of P. S. 13 hits only six came up to make the score board.

St. George, McKenney, "Cheeta" Roberts, and Armeron were the outstanding batters for P. S., with Hensen and Stone stealing the outfield show. The game statistics were:

Bases on balls, Roberts 1, Hensen 3, Ribillard 3 (Elsinore).

Assembly Hears Marimba Music

E. Gray conducted the National school assembly program held at P.S.H.S. last Thursday. He played both popular and classical music on the marimba and some musical novelties on the saxophone and clarinet. Among his selections were "The National Anthem," "Smoke Gets in Your Eyes," "The Anniversary Song," "Blue Danube," "Star Dust" and some hit parade favorites.

Mr. Gray is on a two years tour for the National School Assemblies and has covered over 400 of the 2000 schools. He is to visit with his marimba. He averages 12 schools a week and has been in five states since school opened this year.

Music Now in Modern Setting

Gustave Patzner, music teacher of P.S.H.S., has long been teaching in the wood shop where there was no sound-proofing, music stands or room to demonstrate his ability. He is now located in room 10, where if you are passing by you may hear him playing his cello or hear his string quartet practicing for the program they will present in a few weeks on a P.S.H.S. radio program.

DON CABALLERO

RAY MORTON'S BAND, after completing a successful five months' engagement at the Colonial House, will go to the Nevada Biltmore in Las Vegas for a lengthy stay. His option expired at the Colonial House and Bill Davis, manager, felt that rather than bring in entertainment that was not up to the Hotel's standard for the rest of the season, it would be better to curtail activities in the dining room at night.

OPEN HOUSE was held by Mr. and Mrs. Barney Johnson at their home, 667 Mel avenue Sunday with friends and neighbors dropping in for the cocktail hour. Assisting in the affair were Mr. and Mrs. Albert Thompson and their children, Kay and Jimmy of La Canada.

JOINING the large Chicago colony in Palm Springs last week were Dr. and Mrs. S. Salinger, guests at the Los Arboles. They have been here since January 1 and plan to leave for the midwest at the end of the month. Dr. Salinger has been a frequent visitor here and remembers when Einstein, Will Rogers and Jimmy Walker were here.

STOPPING at the Hotel San Jacinto are Mr. and Mrs. Dwight Chapman of Denver. They are frequent visitors to Palm Springs. International guests at the hotel are Rolf Gauman and G. Dorman from Stockholm, Sweden. They are entranced by the desert and have been enjoying swimming and tennis at the Tennis Club.

Also from overseas is Mrs. Harold Forster of London, England. Mr. Forster expects to join her here soon. And from Vancouver is Norman R. Whitehall, enjoying a few days in the desert sun.

THE TENNIS CLUB was the scene of a delightful evening on Saturday night when Mr. and Mrs. Stewart Hopps entertained for several of their friends. Guests for the merry evening were Mr. and Mrs. Travis Rogers, Mr. and Mrs. William Gargan, Mrs. Charles Cadwell, Red Ferrari, and Vic Petito.

BASIL BREWER, who is in the village again this season from his home on the East coast, was the host of a merry party at the Tennis Club on Saturday night. The party was given for Mr. Brewer's son and daughter-in-law, Mr. and Mrs. Given Brewer of Laguna Beach.

Present for the occasion and at a cocktail party given by Virginia Cross before the dinner, were Priscilla Chaffey, Virginia Cross, Walter Testa, and the honored guests.

LUNCHING at the La Cita this week were members of the P.E.O. Sisterhood, who chose the delightful spot for their gathering. Present were Mesdames Fay E. Brainard, Claude Freeman, Merrill Crockett, Helen Babcock, John R. Macartney, L. B. Jackson, John Sprague, Wm. H. Elliot, Gordan Nicholson, Harry C. Harper, Hetty Dudley, George S. McClure, Helen Hopkins, Gladys McClure, and Gertrude Schlosser.

THE BOMBAY was the setting for one of the delightful parties of the week when Mr. and Mrs. Sam Kraemer entertained in honor of Mrs. Packey J. Dee. The occasion was the birthday of Mrs. Dee.

Present for the merry evening were Mr. and Mrs. Scantenna Humbert, Mr. and Mrs. Ellis Arkush, and Mr. and Mrs. Packey J. Dee.

AMONG the many forthcoming events at the Club are a smart fashion show, featuring desert and play clothes, which is to be given on March 28 by Roma Marvin, owner of Roma's. The show will take place out of doors on the Club's upper terrace and about the swimming pool.

During circus week the Village Insanities will be held at the Club as will the Saturday Circus Luncheon and a huge Western Roundup dance, held as a final feature of Circus Week on Saturday night the 12th of April.

MR. AND MRS. Earl Coffman, co-owners of Palm Springs famed Desert Inn, were house guests of Mr. and Mrs. Robert Ransom at their modernistic desert home, one of the first to be erected at the multi-million-dollar Borrego Springs realty development in Borrego valley.

While there, the couple enjoyed the colorful pageantry created by the De Anza Riders who this year directed their annual ride through the entire length of the wide, flat, flower-carpeted Borrego valley, following the romantic De Anza Trail.

HONEYMOONING in the Village this week are Mr. and Mrs. Red A. Ernst. They are guests at the Casitas del Monte.

He is active in the Los Angeles Junior Chamber of Commerce and a son of Eddie Ernest, of Ernest and Ernest, international accountants.

HOUSE GUESTS of Mr. and Mrs. P. M. Swart last week were Mr. and Mrs. Don L. Swart of Greensburg, Pa.; Mrs. Marie Ratloff of Harlowtown, Mont.; Mrs. Mary Ranch of Columbus, Ohio; Mr. and Mrs. Ronald Swart, Mr. and Mrs. C. B. Lang, and Mr. and Mrs. Harger Bacon, all of Riverside.

The Swarts were hosts to their guests at dinner at the Tennis Club.

REGULAR monthly dinner of the Community Circle of Community church will be held next Tuesday with Mrs. Charles Henderson in charge.

The dinner will be served at 6 p. m. and tickets may be obtained at Gordon Nicholson's store. The dinner will be served in western farm style with Little Bear, exponent of the Old West, taking a hand in the affair.

LEE BERING, manager of the Palm Springs Tennis Club, announced several coming events of interest this week.

The Village Insanities, one of the outstanding features of Circus Week will be held there on April 10 and 11. The popular event which is directed by Melba Bennett, and was formerly called the Village Vanities, has always been one of Circus Week's sellouts.

April 12, Saturday, will be a double day with the outdoor buffet luncheon scheduled for noon, and the Western Round-Up dance to take place in the evening.

The Western Round-Up promises to be one of the gala affairs of the season.

Method facilitates every kind of business, and by making it easy makes it agreeable, and also successful.—C. Simmons.

The Rev. Robert M. Hogarth, rector, will preach Sunday morning at the Episcopal church on "Cross-Bearing."

Holy Baptism will be administered this Sunday, both at 9:45, the Sunday school hour, and 12:30, following morning service. A third day in which children will be brought for baptism is Saturday, April 5, Easter eve, at 4:30 p.m. Please consult the rector for arrangements.

THE LAST two regular weekday services in Lent will be held this week.

Tuesday, March 25, 10:00 a.m., Holy Communion and meditation by the rector: "Responsibility to God's Kingdom Within Us."

Thursday, March 27, at 3:00 p.m., Lenten tea in the home of Mr. and Mrs. Raymond R. Wilson, 409 Vereda del Sur. Litany and address by the Rev. Chaplain Truman P. Riddle, U. The families of men at sea need a lot of attention to hold the homes together.

THE PARISH CHOIR under the direction of the two talented leaders, Mr. and Mrs. Alex S. Hammond will sing Dubois' "Seven Last Words of Christ" on Tuesday in Holy Week, April 1, at 8:00 p.m. in the Episcopal church. Mr. Wood records his broadcasts here and sends them to New York to be rebroadcast.

Seen dining at the Bombay this week were Mr. and Mrs. Florian Boyd, the Robert Ransoms, Mr. and Mrs. Newt Hotchkiss, Mr. and Mrs. George Whitney, Percy Mendelson, and the Fernand Levals.

Ona Brown entertained with a small champagne party for the George Manns who dropped out of the sky unexpectedly on their way to Florida where they will join Cliff Alexandra for a seven weeks cruise on his yacht through the Caribbean.

Mr. and Mrs. John Gallois invited friends for cocktails at their beautiful hillside home last Monday afternoon. Among those present were Mrs. Nion Tucker of San Francisco, Mr. and Mrs. Leah Batterson of Los Angeles, Dick Sullivan, Mr. and Mrs. George Montgomery of San Francisco, Colonel and Mrs. James Jackling, Mrs. Grace Robert, Mrs. Bob Hope and her children Tony and Linda, Mariadna Borden, and Harrison Wood.

Even those sophisticated eyes around the Racquet Club pool were raised in appreciation and wonder when Helen Stein walked by in a sequin bathing suit. With Helen's blonde hair and beautiful tan the blue sparkles were enough to make anyone take notice. However, we wonder what would happen if she ever thought of going near the water. That we want to see.

Doll House dining this week were Rita Hayworth and David Niven, Mr. and Mrs. Louis Heyward, Jesse Lasky, Mr. and Mrs. Harold Murphy, Mr. and Mrs. Russell Hayden, Mr. and Mrs. Paul Belding, and Mr. and Mrs. Frank Davies. Mr. and Mrs. Phil Delano hosted Mr. and Mrs. Jack Reese of Redlands and Mr. and

Mrs. Bill Grant. The Jack Freemans entertained for brother Hy Freeman and Michael Schaffer of New York City.

That twenty-sixth wedding anniversary that Louise and Jerry Sanborn celebrated last Friday started with cocktails at their home on Racquet Club Road and ended with dinner at the Tennis Club. Among those present were Mr. and Mrs. Harold Murphy, Mr. and Mrs. Marvin Sale, Mr. and Mrs. William Bryant, and Mrs. John P. Holdich.

Last Thursday Mrs. John Hor-mel entertained at luncheon at

the Tennis Club. Mrs. Edward Bacon, Mrs. William Schlothman and her houseguest, Miss Gertrude McEachern of Seattle, Mrs. William Lippman, Mrs. John Hamrick, Mrs. Harold Murphy, Mrs. Ernest Ottel, Mrs. George Davies, and Mrs. Dorothy Whitney of New York City.

Out Rogers way nine year old Anne, daughter of the Mel Rothchilds of Chicago, can be found galloping across the desert in true cowgirl style. She is fascinated by the pure albino horse named Ted that is owned by Byron C. Cain of Chicago. Mr.

and Mrs. Cain who live in Las Palmas Estates when visiting the desert, are ardent horse lovers and own some of the few real albino horses in existence.

If science is to go to the bottom of things in the prevention of world destruction, it must study human beings.—Dr. Roger J. Williams, U. of Texas biochemist.

There is nothing wrong with the country that hard work and resultant production will not cure.—House postwar planning committee report.

"There Is Only One Palm Springs"

My! How we have grown!

ANYONE who travels the highways, or tries to get a reservation on a train, or applies for a new telephone, can see that people are pouring into California like wild fowl into Canada in the spring.

This continuing increase in the population, plus the expansion of the "telephone habit," has resulted in a colossal swelling of telephone traffic. For example, in 1940 our long distance toll calls averaged 95,000 a month. Today the monthly average is more than 300,000 . . . and telephone stations have jumped from 15,000 to 22,000.

Though handicapped by shortages of equipment and skilled workers, we are doing our utmost to provide more and better service just as fast as possible.

Personalities

Weekending at the home of Mrs. Arthur Bumiller, 494 Hermosa Place, was Mrs. Florence Wagner, former co-publisher with her husband Rob Wagner of the Beverly Hills Script.

Billy Wilkerson, who edits the famous Hollywood Reporter, has built a small gossip sheet into a great force for public opinion. In Hollywood the Reporter can make or break a picture or a star, and it is read more avidly than the larger papers carrying world news.

Freeman Gosden, Amos and Andy, is back home again. Freeman has always considered Palm Springs one of his homes, as for many years he and his partner Charlie Correll broadcast every evening from the El Mirador tower. For over ten years they have been telling the world the story of Amos, Andy, Kingfish, and other sundry characters that wandered into their radio lives. They have broadcast from hospital beds, from trains, and from numerous cities all over the world. But Palm Springs is still their home.

Skinney Ennis, vocalist and radio entertainer, was once the voice of Hal Kemp's band. After the Kemp band broke up Skinney founded his own and his first performance as a leader took place at the Racquet Club in the spring of 1938. All of Skinney's desert friends gathered around to give him a gala send off and Skinney blames his success to the good will that went with him from Palm Springs. Mrs. Ennis, Carmine, was his vocalist for many years and toured with the band on its USO trips during the war.

and everyone had a terrific time. Ah yes!

THE SAME NIGHT Giffar had a birthday dinner for the fellas (no girls allowed!) The girls threw an exclusive party too, one of those little deals called a slumber party where everything but sleep is thought of. This was just like all slumber parties only more so 'cause it was the gal's traditional March get-together which began clear back in days of yore when we were mere freshmen. After a tamali feast the gang spent the rest of the night and way past the wee hours indulging in various types of twaddle, prattle, and small talk, what it takes for the gift of gab. Participating in all this model meditating were Bonnie Sue, Candi, Jeanette, Jo, Virginia and again your most humble servant (always trying to get in the show!) When they tired of the gabacious gossip they turned out the lights and took turns at seeing who could make the most convincing corpse and Dracules by firelight. I think Bonnie Sue was the winner. Jo wanted to stay awake all night but was foiled again by Sir Sandman and it seems Jeanette was the last one to board the dream boat. Candi must have been slightly sleepy the next morning because she mistook a window for a door and casually bounded through, pajamas flapping in the breeze. Quite an eventful little episode, and rare perhaps, but it's replica will come same time next year.

And the day before that night was eventful too, the G.A.F. convention with its beans, its salad and its fashion show. The kids and Mrs. Henderson really worked hard to give it—so three or four cheers for all of them. Dixie, Jo, Jill and Virginia had quite a time out at Rodgers ranch getting the beans. Spurs jingle jangle but that's not all. Dixie knows but don't ask her 'cause it's a secret.

SPEAKING of secrets I know one but I can't tell. I'll give you a hint, though. We have a few steady couples in school it's no secret though about the sad and dramatic thing that has happened. So many of our oldies on the steady list have split up that it's enough to stimulate big salty tears from even the most sagacious sadist. Bidding goodbye to old rusty balls and chains over the weekend were Croft and Archer, Audry and Seales, Nancy and Jim, and Arlene and Lopez. At least one couple to check out a new ball and chain all cleaned and polished with Dutch Cleanser were Sales and Charlotte. The report is not official but that's the story. There's another one tucked away on the top shelf ready for use by Virginia and Chuck when and if they get on the ball again.

Well that, I believe, is all for

**Intersection Froths

The corner of Palm Canyon drive and Amado road practically frothed Friday afternoon. A beer truck and a bus met in collision and the casualties included a few cases of "dead soldiers" and a case or two of very live ones.

**Red Cross Group
Puts in Many
Hours on Sewing**

Due to the generosity of Mr. and Mrs. Kenneth Du Bose in offering the use of their home, and the wonderful work of Mrs. Du Bose Sr. in organizing and starting the Red Cross Sewing Group, much splendid work has been accomplished, and much more is in production. There have been four sewing sessions with an average attendance of six women at each meeting; ten girls' dresses, ten baby slips and ten baby kimonos have been completed, with material on hand to be made into garments for needy, cold children. More ladies with nimble fingers are needed to help with this work.

"The address is 218 Ocatillo, and the time from 10 a. m. to 3 p. m. every Friday; bring your own pocket lunch, and coffee will be served through the courtesy of Mrs. Du Bose. If you are unable to come for all day, you will be welcome for whatever time you can give to this splendid work," leaders said today.

"Mrs. Du Bose Sr. has left Palm Springs to go to Phoenix, Arizona, where she will visit another son, and our heartfelt thanks and best wishes go with her; Mrs. Howard J. Stewart, well-known here for her many activities, has taken the chairmanship of the group for the remainder of the season. You will be very welcome."

Desert Museum Notes

NEW BOARD MEMBERS—At the annual membership meeting held in the El Paseo theatre last Friday night after the regular program of movies, the regular program of trustees were elected. William B. Colburn succeeds Frank Bogert as president. H. Earl Hoover remains as first vice president, as does also Earl Coffman as second. Miss Christina Lillian became third vice president, while the treasurer and secretary remained the same; Edwin F. Leigh and Mrs. O. M. Ward, respectively.

NO PROGRAM TUESDAY—Because of the unavailability of a place to show them, the movies originally scheduled for tonight had to be cancelled. So there will be no Museum program tonight, Tuesday, March 18.

FRIDAY MOVIES—Two movies will be shown this coming Friday, March 21, at 8 p. m., in the Fiesta House of the Desert Inn. They will be "Wild Innocence," the story of a young kangaroo filmed in the Australian bush country, a truly remarkable wild animal film, and the second film is a short one on the natural history of that famed bird, "The Nightingale." Note the change of location from the El Paseo theatre to the Fiesta House, for beginning with this program, ALL future Desert Museum programs will be held hereafter in the Fiesta House. This was made necessary with the re-making of the El Paseo Theatre into a movie show house. Because the Fiesta House is only half as large, just Museum members will be admitted between 7 and 7:45; af-

ter which time, if seats are left, the general public will be seated.

NEW ADDITIONS—Added last week to the current exhibits in the Museum are a horned "toad," a desert Iguana, a banded Gecko, and two desert tortoises. The wildflower display maintained by Mrs. George True of Cathedral City, will be changed every few days, so if you want that wildflower identified, drop in.

GIANT ROCK AIRPORT—The giant rock airport on the Mohave will provide the goal for next Saturday's field trip, a non-hiking auto-caravan, March 22, leaving at 9 a. m., and returning by 5 p. m. Be sure to bring lunch and water on this one.

BRAINARD FILMS—"Hawaii" will be the subject of a series of brilliant kodachrome movies to be shown by Fay E. Brainard of this city on Saturday night, March 22, at 8 p. m., in the Fiesta House of the Desert Inn.

**Villagers Attend
Party at Bel Air**

Mr. and Mrs. Paul Belding, Mr. and Mrs. William Malouf, Mr. and Mrs. Frank Davies and Mr. and Mrs. Kenneth Kirk, left for Los Angeles today to attend the christening party for Mary Victoria Andrews, daughter of Mr. and Robert Andrews of Bel Air.

More than 700 people are expected to attend the reception following the christening.

**Many New Members
Join Museum as
Drive Nears Close**

As the annual Desert Museum drive for new members nears its completion for 1947, the following persons became members last week: Raymond Loewy, Mr. and Mrs. Steve L. Vidosky, E. Dorn, Mr. and Mrs. R. R. Vought, Mr. and Mrs. John P. Jenkins, Mr. and Mrs. O. S. McKinney, Mr. Stephen W. Orth, Mr. and Mrs. William Lippman, Mr. and Mrs. Paul F. Grunert, Elizabeth M. Bonbright, Mr. and Mrs. H. B. Blanding, N. S. Hotchkiss, Muriel E. Fulton, Mr. and Mrs. Roy E. Smith, Lloyd N. Simon, Mr. and Mrs. G. C. Waller, Mr. and Mrs. Jerome M. Sweet, Mr. and Mrs. Leslie G. Kelley, Mr. and Mrs. W. R. Hillery, Lazarus White, John Balch, Scott M. Adams, Benjamin J. Houston, Wayne Mason, Maude McQuillin and Sylvia A. Chaney, Mrs. J. Smeaton Chase, Geoffrey Bill, Mr. and Mrs. J. Arthur Connors, Mrs. George L. Collard, Mrs. W. D. Ellis, Mr. and Mrs. Edward Wright, Catharine L. Gentry, Mr. and Mrs. Fred Markham, June Jungmeyer, Joseph Johnstone, Mrs. Johnstone, Mr. and Mrs. W. J. Martin, Carl L. Johnson, Frank Law, Mrs. Nellie N. Coffman, Earl Coffman, and George B. Robertson.

CARDS are issued to each member, and these will soon doubly important this week with the transference of evening programs from the larger El Paseo theatre to the smaller Fiesta House of the Desert Inn. Because the Fiesta House will only accommodate about 150 persons, only Desert Museum members will be seated between 7 and 7:45, after which time the general public will be admitted if there are still seats. The museum board dislikes to adopt this practice, but it is a necessary one until larger quarters have been obtained.

The money from the annual membership drive is used to purchase permanent items for the museum, such as natural history films, reference books, show cases, and exhibits. Memberships range from \$5 per year on up, depending upon your individual budget and interest in the museum. They are deductible from your income tax, and a membership taken out now is good until this time next year, in 1948. If you haven't already become a member, send your check to the Desert Museum, Palm Springs, or drop in in person.

**Beldings Hosts
at Buffet Supper**

Mr. and Mrs. Paul Belding were hosts at a buffet supper for Mr. and Mrs. Ralph Hemphill, just back from a cruise in Mexican waters on their yacht, Sea Cloud.

Mrs. Hemphill suffered injuries in an accident while on the cruise and is in the Village recuperating.

There were 35 guests present at the affair.

The Hemphills live in Beverly Hills.

There wasn't enough infusion of new blood. They (the Democrats) took too much for granted and proceeded on the theory that the prestige of the late President Roosevelt would carry them through.—James A. Farley.

From where I sit... by Joe Marsh

Do Men Like Women?

Maybe you read that recent article in a national magazine, claiming that American men don't really like the company of women. They just put them up on a pedestal and leave them there.

But I wouldn't say that that was so in our town. Look at any married couple—like the Cuppers. Jane wouldn't nag if Dee spent his evenings "with the boys"—but actually Dee likes nothing better than to stay home by the fire, sharing a glass of beer with Jane, playing cribbage, or just talking.

And when he does go out, for an afternoon of fishing down at Seward's Creek, or for an evening glass of beer at Andy Botkin's Garden Tavern, Jane is almost always with him (except when she's got a spot of baking in the oven).

From where I sit, respect doesn't rule out everyday companionship... and never should. They go together—essential parts of a successful marriage.

Joe Marsh

it's baked with GAS

SOCIETY NOTE: Suzie's Mom did it again... the birthday cake was a dandy! And 20 to 1* it was baked with Gas... with this very important advantage in cake-baking—GAS heat circulates. The circulated heat bakes every particle—evenly, through and through! And at the very shade of heat called for by the recipe. Baking, broiling, speed-frying, slow-simmer—you always do better with GAS!

* In fact, gas cooking is used in more than 95 percent of all the homes within reach of Southern California and Southern Counties Gas Company systems.
